

Appendix 2 - Themed Plate Options

Appendix 2 is subject to change without notice.

Available combination formats are listed beside the plate description, A = alpha characters, N = numeric characters.

Theme plate styles are available using the combinations AAANN (ABC12) or NNAAN (12ABC) unless otherwise specified.

Certain designs include an image between the alpha and numeric characters.

Flexible content is 6 character (3 alpha and 3 numeric) or 5 character (3 alpha and 2 numeric) in any order, no diamonds or spaces available.

Where NAAAN is available, it is with spaces only, no diamonds, with the exception of the European and Audi designs, where no spaces or diamonds are available.

Please contact PPQ on telephone 136 356 or www.ppq.com.au to clarify any questions before ordering or if your design is not listed below.
